### DETAILED ACTION

1. Applicant's reply filed 10/12/07 is acknowledged. Claims 1-68 are pending. Claims 10-14, 21, 23, 34-50 and 65-66 were withdrawn.
2. This application is in condition for allowance except for the presence of claims 10-14, 21, 23, 34-50 and 65-66 directed to non-elected species/invention without traverse. Accordingly, claims 10-14, 21, 23, 34-50 and 65-66 been cancelled.
3. Claims 1-9, 15-20, 22, 24-33 and 51-~~64~~<sup>67-68</sup><sub>76</sub> are allowed.

### REASONS FOR ALALOWANCE

4. The following is an examiner's statement of reasons for allowance: The closest prior art of Ismert (US 6,126,122) discloses a double ratchet arm pipe clamp, which includes many of the limitations but fails to disclose or suggest a cap cooperating with at least one of the first and second support means, the cap sized and configured to be placed over the two inclined surfaces forming one of the v-shaped notches, the cap extending over the notch and over a portion of the exterior side of the corresponding inclined surface forming notch and being interposed between the inclined surface and the elongate member during use of the clamp assembly (claims 1, 25, 62); and a resilient member extends outwardly from a side of the clamp base and disposed toward the flange and being spaced apart from the flange (claims 51, 55), which either singularly or in combination fails to anticipate or render obvious the above limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
